I want to thank you for allowing me to be a part of a special group of people that changed from strangers to friends in days. The course itself is phenomenal to say the least. Having attended therapy, life coaching sessions, workshops and read countless books, what I learnt in these 5 days have made me into the person I envisioned for me. I have been equipped with skills to deal head on with anything that comes my way. I feel truly powerful, confident and able to conquer the world. I plan to carry these tools and endeavor to enrich the lives of others. Thank you Burke and Teobel for doing in 5 days what others could not do for me in years - Thank you does not even feel enough - I have a new lease? I have been freed of all that blocked me.

In my life journey I did so many things, I started my teaching career with so much enthusiasm and got so disappointed with the results and the kind of learners that I got, management etc, I pushed myself very hard through the levels hoping at some level I will impact the impact in people's lives, my passion is in helping people become the best they could be, I studied psychology but the void was still there, I just could not go into counselling. I was then called into the ministry, studied theology up to masters level with the same aim in sight of being a counsellor but never a method that could impact people's life, I read vestly still to no avail, then I heard about this life transformation coaching training from my sister and reading through I felt in my spirit, this is what ^I have been lacking all this time. I based my argument on the scripture that says Be not conformed to the patterns of this world but be transformed by the renewing of your minds. This was just an idea for me but Burek eer Isobel

You made this a reality. I needed this, South Africa needs
this and you delivered with such compassion and humility
Thank you so much guys

Wow! words are not enough! If I had to choose one word it would be 'BREAKTHROUGH'! Everything that has been holding me back to even try and step out of my comfort zone has been completely and utterly destroyed! It has unleashed my TRUE and GREAT ME! The "Pam" who I was born to be! Already I am seeing and feeling the incredible manifestations of what my mind, body and soul has gone through the past 5 days. My body that was riddled with intense and chronic pain (in my colon (IBS), back (2 back operations), foot (neuroma), shoulder (impr^{recent}ingement operation) etc etc - initially it all got worse, but today 90% of the pain IS GONE!

I can now see how my negative mindset and negative belief systems were slowly ~~kei~~ destroying not only my peace of mind and emotions, but my body too.

I have experienced great and deep healing in every area of my body, mind and soul. I feel a great release from negativity and from the 'ugly and destructive' ^{self} voice in my head - that voice is gone for good! I am so appreciate and full of gratitude and love.

Today was my breakthrough for my confidence with everything starting to manifest and I feel it slowly coming together. My mind is much clearer, brighter and I feel totally centered and peaceful now.

I even got a VISION for my life today during our session of "installing self-confidence". It was so real and I have

been praying for a vision for my life for many years. Even though it may ~~be~~ take a few years of self transformation 1st, I

now know that ~~my~~ ^{life} I was born to become a you to teachers. Thank you

This training has equipped and transformed my life. It gave me direction and understanding of what was limiting me in life. After the understanding I was able to get rid of all the emotions, beliefs and behaviours that stood in the way of me fulfilling my purpose in life.

I am now personally transformed, I am equipped and skilled in what I want to accomplish. I have courage, full of courage and determination now. I get some practice in using the skills that gave me confidence. The group also encouraged me that I am not alone in this journey. Burt and Isabel you really made a difference in my life and not mine alone but all the people who will benefit because of my transformation.

Thank you and God bless you.

For long I have been on a path, seeking to get in touch with who I am and at the same time overcome the limitations that have stood in my way and ~~had~~ presented themselves as insurmountable barriers. The harder I tried the more difficult it became, the closer I got the more elusive my goal became.

In just under 5 days, under the tutorship and guidance of Burk & Sobel I have made a breakthrough I had almost given up on. To say my life has been transformed is an understatement, there is a revolution taking place in every cell ^{and} every neuron, literally in every ~~thing~~ aspect of who I am. The way I saw & interpreted myself and the world a week ago has changed so much some people might think or conclude that I am some sort of 'alien'. Spiritually, physically and mentally the transition is absolutely phenomenal. just
I am no longer a seeker - now I have to be me and →

I have been on my spiritual journey since the age of thirteen. Constantly reading and trying to find the correct tools that will help me to understand why some people are happy and successful and others are not. I came to a point in my life where I had my "awakening" moment but it did not last long. I was asking more questions and wanted to know why can I not stay "there" I asked Source to guide me to a place where I can learn more to know what I needed to continue on my journey. I started searching the internet for life coaching programs, but nothing resonated with me as I know when to follow my "gut feeling." So I asked for a sign. I believe in life's synchronicities and it was absolutely amazing that I met Karen (who also in training) through a friend and talking to her for 5 minutes she told me about this course. How we started talking about a life coaching course as strangers, still baffles me today. But I had my "sign"

I'VE EVER EXPERIENCED... IT IS SOMETHING YOU CANNOT
EXPLAIN UNTIL YOU'VE EXPERIENCED IT YOURSELF...

FACTOR, THAT LAST BIT OF DOUBT, THAT NOT FEELING
GOOD ENOUGH, THAT WORRY, THAT FEAR AND HERE I
FINALLY BROKE IT OUT OF MYSELF LIKE WE BROKE
THAT BOARD.

A FEELING OF ABSOLUTE PEACE, IN ME, AROUND
ME AND IN EVERYTHING I EXPERIENCE, A SENSE

MYSELF BEYOND WHAT I THINK IM CAPABLE OF,
IT HAS SHOWN ME SIDES OF MYSELF I NEVER
KNEW I HAD...

IN YOURSELF CAN DO AND WHAT HAPPENS
WHEN YOU FOCUS ONLY ON THE OUTCOME.

I HAVE NEVER MET A MORE POWERFUL,
BEAUTIFUL, SUPERSONIC COUPLE THAN BURIC

I came into the training with a lot of questions & doubt about myself. Believing that I am not good enough. I am constantly being told this. I was not 100% sure of what to expect from the training either.

This has certainly let me discover the "hidden" me.

I now have the confidence to face the world knowing that it does not matter what other people think about me.

I can now love myself for the 1st time ever!

Now I know I can help others feel whole again.

Thank You for giving me back ME!

The training changed me in the way I look at things. It's ~~not~~ The focus should be on the outcome and the way to get there does not matter. Once I have set my intention on the outcome everything else will fall in place. It's important to let go of all the negative emotions because they act as a blockage to my goals. Most of the time I spent so much energy on the negative instead of the goal. My concentration should be on the outcome. All the resources I need for the goals achievement are already there inside me. I need to attract them by the way I think, say and carry myself.

Thank you for helping me realise what is inside me. 😊 Thank you, Thank you Thank you.
