My deepest gratitude to Burke & Isobel for all your arrangements to make this course a reality, and to Burke for escaping the tomato fields and dedicating his energy to creating this amazingly unique and life changing material which includes the teachings, the learnings, the theory, the techniques, bonus material, not to mention the practical sharing of knowledge and life experience in the field of coaching.

As for me personally, I am ~~taking~~ driving a person with a greatly expanded view of the mind and the power of especially the sub-conscious mind home tonight. I feel invigorated, energised, powerfull and able to move out of previous constraints and to tackle new challenges.

As a coach now, I have been trained and equipped by someone who is truly and passionately dedicated to his field of expertise.

As a team, Burke and Isobel are phenomenal and your life changing transformation coaching genuinely has altered

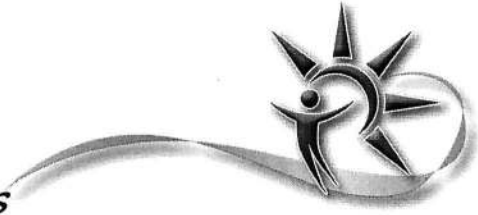

my life for the better.

As a pastor these teachings will equip me to assist people in our congregation and way beyond. I have the full intention to build a career on this.

You are truly blessed.

May your blessings continue to change lives and
fulfill yours.

I still cannot express in words the effect this training
course had on me. I have been completely transformed
from a negative person who has all but given up on
life to a positive, goal-oriented, ^{I now recognize that I am a} powerful and uniquely
gifted person. Somebody who wants to transform the world
into the vision of our teacher and visionary, Mr Burk
Esterhuysen. Thank you for a gift so precious I never ex-
pected to ~~ever~~ receive. My painful and sad memories
have disappeared, my mind is quiet and my heart filled
with hope seeing, ^{for the first time,} the beauty in myself and in others.
You have changed my journey and my hope and commit-
ment is to one day make you proud of me as a coach.

Burk and Isobel Esterhyse are two of the most amazing souls in the entire universe. No words in this world can describe the phenomenal experience. I came here a broken person holding pain and so much negativity. I leave a renewed and rejuvenated new individual. I have witnessed miracles these past five days. I feel empowered, I know what a confident and amazing person I am now. I am ready to go into the world with new beliefs and discover more as a person who has been blessed by the numerous, selfless gifts bestowed upon me by these two extraordinary human beings. Burk went beyond the course mandate, exceeding at all levels to challenge us and instill powerful new beliefs. As well as Isobel, adding a great touch with enthusiasm and so much of energy. Every single facet of this course was something religious to me. I am almost sad today to leave, I just want to absorb more information and experiences to discover the secrets of this mysterious universe. [p.70]

Good afternoon, Burk

I feel so privileged to have been part of this training. The benefits are more than just making business out of the lessons; it has transformed my life - I feel energetic, younger (I can still achieve my goals)

Just before attending the training I was feeling down and out, I felt old and tired - especially after my operation but now I found myself - the Dudu that is smart, happy, confident and a 'go getter'. Thank you very much Burk and Isobel for saving me from myself.

God bless you always.

I started this course feeling a little sceptical. My perception changed very quickly as we went through the training and more so as we practiced on each other. Faith and belief is everything. I learnt so much about myself. I came into the training feeling heavy but felt lighter each day as the baggage was cast out. I have learnt so many techniques to help other people in need (as well as myself). I can't wait to practice and hone my skill. An amazing experience with an amazing Coach leading the training. I feel whole and empowered.

Coming to this training changed my life for the better. Looking at the amount of money that I paid for the course, I am more than happy and satisfied. Burk and his wife were meant for this business, they are good with people.

I came to the training not so sure I made the right decision by choosing this Academy. Believe me, this is the best coaching academy. I had no confidence in myself, felt unloved, felt worthless, but the strategies used in this training made a "new me". A woman that is capable of doing anything that I put my mind on. I am unstoppable. With the support of this academy I have no doubt I am going to run a successful coaching business. I can recommend this to anyone who wishes to change the way he/she looks at life. **IT WORKED FOR ME.**

What an incredible journey it has been for me from the day I signed up to the training. Thank you for all your clear instructions right from the start in the pre-training. I set a goal to complete all the pre-training in 4 days which I accomplished. On Wednesday when I started my energy was low I was still feeling sorry for myself and cheated by all my traumatic experiences & other experiences in my life. From day one of the training something started to shift in me and the way I see the world around me, I didn't realise how much I blamed everyone for all my difficulties. I have started taking responsibility for all my experiences. I feel empowered & I feel beautiful, something I've been unable to feel my entire life, I feel that I am capable and an achiever. I am successful. I see myself differently when I look in the mirror.

I appreciate all the unconditional love
and care that you and Kate have
shown us throughout this entire process,
I feel ready to start working and to coach
~~and~~ these incredible techniques make
a difference in other peoples lives and in
particular childrens lives. I always
wanted to work with children and had
no idea what I was going to teach
them, I am so totally confident that
these techniques will help children and
allow them to live empowered lives.
All I can say is that you that you
that I know my life has already
transformed.

I felt that I needed some upliftment in my life after I developed a passion for coaching people. I first needed to heal and cleanse myself. I researched training academies and decided that the Transformation Coaching Academy was the best fit. Since receiving my pre-study material and later going through the material, I already began feeling some upliftment. The course layout and information allowed me to have more insight into myself and assisted me with personal challenges. The practical training is intensive, however phenomenal and has given me the Wow experience. I feel so much more empowered and lighter, my path forward is so much more clearer and I can focus on achieving my goals with a sound mind and vision that has never been so clear.

THANK YOU BUREAU & ISABEL

Thank you so much for this few days that I so much need in this time of my life. I think it was an divine opportunity which had to take place here and now. I am very sceptical and do not easily believe if I cannot see/feel it myself - but I feel it and I SEE it: in my body and in front of my eyes!

I know that this change my life forever and that I will have a positive influence wherever my vision and new believes will take me.

I am keen and promise to send you fotos about my new body without the love for bread.
