Prior to this training, I had self-doubt. I thought I was not good enough and my negative thoughts were weighing me down. After the training I feel like a new person. My energy levels are high, I can dream again and visualize all the success I have accomplished. Everything I ever thought I could become, have and enjoy has been made real. I now know that my mind is not my enemy; it wants me to succeed. This realization would not have been possible with conventional <sup>coaching</sup> wisdom. But, in partnership with his wife Isabel have a powerful Transformational system that is unparalleled - to remove self sabotage and long-held belief systems, negative emotions, trauma and so much more. This system has enabled me to see how powerful, confident, amazing, gifted, loving and loved I have always been. Thank!!!

The last few days have been absolutely phenomenal. I feel better than I have in years and truly love and appreciate myself. I have grown more in the last 5 days than I have in the last 5 years. This training has been more valuable to me than money can buy and I am so thankful for being drawn to the opportunity of being here.

It has been worth the time and effort a 100 fold and I am so excited to be able to reach out and help others with these amazing techniques and therapy.

Thank you, Thank you.

Tough I have been to many self-help programmes, nothing could have prepared me for this transformation. I was a sceptic, but I committed 100% and the results were amazing. Burke: "with great power, comes great responsibility", these were your words, but you have demonstrated that you have better techniques than any other programme and used that power to improve and inspire others to cause a ripple effect. I would like to thank you for empowering me, giving myself back to me and teaching me to love myself again because of the servant leader that you are!

P.s. Love your work Burke!

This training has truly transformed me! I have spent the better part of 35 years seeking the truth of what I am and the meaning to this life and although I have gained a lot of information I have not been able to directly live the truth of who I am. I have been bogged down with my beliefs and emotions. My ego has been running the show and I have not known how to get past this place of sabotage. I have done a number of courses in spirituality and read hundreds of books, watched hundreds of hours of spiritual video footage yet the information did not become knowledge that I actually lived my life by. I didn't know how to drop into my heart, into union with God. This course has actually shifted so much emotional baggage, it has released certain stored, negative energies and as a result I feel lighter. I definitely see myself as more capable of achieving my goals than I have ever felt

is my life. In fact to be completely honest I  
knew before I came on this course that I no longer  
wanted to live from my ego self anymore. I felt  
so unhappy with that life that I no longer  
wanted to continue from that mindset. This  
course has literally given me a new lease on life.  
Where before life felt pointless, I see purpose  
now. Where before I felt depressed and  
apathetic I now see the power and magnificence  
of who I really am. This course has given  
me such workable and effective techniques  
that actually change my life for the better.  
They help me become the best greatest version  
of myself and I like what I see and feel.  
I feel like I have been given a brand  
new life. Like the puzzle pieces are coming  
together and it is starting to all make sense.  
I feel like I am finding my way back home into  
God. And it is this course that has shown  
me it is do-able, it is indeed possible.  
I am so grateful for giving myself this course  
and for Burk and Isobel for their open hearts.

When I came here my primary goal was to be a coach. Even though I did bring all my baggage, I saw the benefit for others. When I started with the techniques I was so skeptical & did not believe it would work. But it was because I did not trust my Sub-conscious Mind. I was so surprised how well the inner conflict therapy worked I couldn't believe I would feel so at peace with myself. My energy levels were up most of the time. I want to express my extreme gratitude to Burk for being so determined to become a better version of himself and empower others. He lives the transformation he speaks about. I have also decided that I will model Isobel's ability to speak publicly with such confidence & energy. I'm leaving here today, and I am empowered. I fully believe in & support Burk's coaching system because it works so well. Hats off to you Burk & Isobel.

Wow!!! This has been a phenomenal experience with so much to learn from the very first day. I have come to realise just how much we limit ourselves.

It is amazing to experience <sup>and see</sup> how quick the mind can be transformed, how easy it is to unlearn old beliefs which limits one to reach the fullest potential.

The greatest challenge now is to go out there and transform lives so that the world can be a better place to live in. Isabel, I have kept the video clip of your presentation in my mind so that that greatest energy you displayed can continue to flow into me. I shall forever cherish this moment I had with you and fellow coaches. But, thank you very much.

I attended this training believing this was one of the normal trainings around life-coaching. This training was way more than I could ever have expected. It was not life-coaching but life changing for me which will empower me to go out and transform other lives out in this world as a Transformation Coach. My life forward will not be the same again as I will now know what it is like to be free from the old beliefs of society and totally be in acceptance & control of who I am and what I am from within.

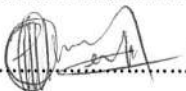

Thank you Burk and Isabel

When I registered for this course, I thought, I was only coming to learn on how to become a better and confident speaker so I could do better in church. I am really grateful to Burk and Ross for transforming my life.

Presies wat die naam van hierdie kursus is het met my gebeur - ek het getransformeer. My denke en leefwyse het heeltemal verander. Ek het lank na hierdie inligting opsoek wat my eie en ander mense se lewens kan verander en het dit nou gekry. Daar is nou 'n oopgewaardenheid in my bineste wat ek nie ken nie - ek is oopgewaande om te lewe, vir nuwe uitdaging, nuwe probleme en nuwe geleenthede. Ek is dankbaar vir alles wat in my lewe al gebeur het want dit het my tot hier gebring waar ek op hierdie kursus afgegaan het en kon doen. Met alles wat ons in hierdie 5 dae geleef het, het ek gewonder hoe ek sonder sulke kennis kon klaarkom.

Ek sien uit om die volgende opleiding te doen en my lewe verder te verreek.

My begeerte om waarde toe te voeg tot mense se lewens  
het my gedwing om verder te soek na metodes en  
vaardighede waaroor ek nie souer beskik het nie. Omdat  
ek my geestelike verhouding vir my baie belangrik is, was ek  
bang dat ek daarmee gekonfronteer sou word, maar die  
teendeel was van my bewys. Bete & Isabel julle twee is twee  
praagtige mense wat my gehelp het om ontstae te raak van  
al die ou denkpatrone wat my nog altyd gekortwiek het.  
Al het ek nog steeds baie verkeerde/bepoekende denkpatrone  
het julle my in staat gestel om dit aan te spreek en te  
vernuwe sodat ek ander weer kan begelei om ook  
dieselfde vrymaking te kan beleef. Julle het my geïnspireer  
en bemagtig om in nuwe lewe te begin - as wie ek  
regtig is. Baie dankie. Julle is in awesome span.
