Because of this training I have acquired a huge appreciation for life. Understanding that I am responsible for the reality I live in is profound. It has given me my power back. The power I didn't even realise I had. Knowing that I can make not only my life but the lives of others better is priceless. I came here for myself but now I feel a deep sense of responsibility, not only to myself but my community to be healed myself and to heal others. Before I had low self esteem, thought the worst of myself but now I am confident and I believe that "I can". In everything I want to do and achieve "I can". My goals my vision - They're not impossible. Thank you, from the bottom of my heart, Thank you for the tools to continue the task of working on myself. Thank you for the tools that I can use to bring real change in my community. For the 1st time I can say I love myself, I am beautiful, I can and I am worthy and it's all because of this training. Thank you once again. God Bless you. Much Love

I feel so grateful about the training. It made me realise and discover myself. I was like in a cocoon. It made me what I wanted myself to be. Some of the words were never applied in our entire lives/ they were applied wrongly. Words like fear, doubt, independent, unconditional love, confident etc. This training made wonders in my life. It brought many goals in me. Now I am so confident in myself, I love myself, I am developed and I will ever grow and be so knowledgeable to coach others in life. I am a goal-getter now and a transformed person.

Doubtful, insecure, in-confidence, Hurt, Lack was what I felt when coming to this training. I now know I am not my mind but more than it, I now know I can control my mind and not let it run my life. I now know I deserve to get whatever I need without getting approval from somebody or somewhere but within. I now know I can talk to my subconscious mind to get anything I thought were not meant for me. I have my power back, I am no longer angry at the world, at myself for being a loser because of the knowledge Burk and Isobel imparted to me. Until you attend this training you will never know who you really are. I know not all of us can attend it hence I feel inspired to be like our coach Burk and go to shine this light he has shown on me to others who needs it. Thank you Burk and Isobel for being HOPE to the hopeless. 😊xx

THIS TRAINING HAS BEEN A REVELATION FOR MYSELF. IT HELPED ME TO GET RID OF EMOTIONS THAT I'VE SUPPRESSED SO FAR DOWN THAT I BELIEVED IT WAS NO LONGER THERE. IT HAS HELPED ME RE-ASSURE MYSELF THAT I CREATE MY OWN LIFE. IT ALSO HELPED ME STOP DOUBTING MYSELF & HAVE COMPLETE CONFIDENCE IN WHO I AM. IT HAS MADE ME REALISE THE POWER OF THE MIND AND I'LL BE FOREVER GREATFUL TO BURK FOR THIS NEW ME.

AFTER THIS TRAINING I CAN SAY WITH 100% CONFIDENCE THAT I AM GOING TO BE ALOT MORE CALM AND OPEN WHO DEALING WITH MY EMOTIONS AND HELP OTHERS THE SAME WAY BURK HAS HELPED ME.

I TRULY FEEL UNSTOPPABLE!

Having arrived on Wednesday with an open mind - BUT with a "Butterfly" feeling in my tummy - I can honestly say that I am a new soul! Why did I sign up? Well, I had an emptiness in my life that urgently needed to be filled - a space to grow I guess and WOW oh WOW this I have CERTAINLY DONE! My ~~set~~ sense of self is acute right now and I have ahead of me a future of ENDLESS POSSIBILITIES - it really IS all up to ME! I have loved every moment - both the very intense emotional journey, the insight into self, the wonderful people I have come to know and love. Highly recommended to everybody - who wants to truly experience what it means TO LIVE!
Thank you Burk!

Burk's course helped me discover a lot about myself. Primarily my limitations, and then my strengths. With my limitations, I have now been empowered with a toolset to overcome it all and grow my strengths. Burk showed me the true power of the mind, and in particular, mine. I am grateful for this new outlook on life and can't wait to put this into practise. Thank You Burk!
