I came to the training knowing that I will learn the skills and techniques that I require to become a life coach, a Dream I have been dreaming for many years, and that there will be some personal work done.

What I didn't expect was that I myself will change this much, that I had baggage, believes and emotions I was not aware of, to discover them, unpack them and deal with them was shocking and hard. But to feel the energy shift, to feel my focus changing, to discover the old me has been the biggest gift I have received.

This is truly transformational. I'm so ready for my future the world will be surprised! 😊

..... When I came to the training on Wednesday, I was  
..... filled with so many negative emotions and had a million  
..... of negative beliefs. The voice in my head was over-bearing  
..... and I was in a daily conflict with myself. The first 3  
..... days of training were emotionally draining at at times  
..... painful, but I discovered the best version of myself, and  
..... that annoying voice in my head left forever! I am  
..... filled with self-confidence and not unsure anymore of  
..... who I am, and what I am capable of. I know now  
..... my inner strengths and have discovered powerful learnings  
..... of myself. This training changed my life!

Before I walked into the classroom I didn't know  
<sup>I was</sup>  
who or where I was going. I had lost my  
confidence & my creativity before this class.  
The 5 x days has been an incredible journey  
I am inspired, motivated and have everything I  
lost back. During this journey I learnt things  
about myself I never knew existed. My life  
has been transformed and the things I never  
even knew even existed. This is my time to  
become successful and be the greatest leader  
Teacher, wife, mother & friend that I can  
ever be. Thank you back for allowing me  
the opportunity to change my life. Thank you  
for allowing me to transform my life into  
something meaningful ~~and~~ inspiring and magical!

I WAS LOOKING FOR LIFE COACHING TO ADD TO MY PRACTICE  
FOR EXPANSION AND TO HELP PEOPLE MORE AND FASTER. IN  
THE BEGINNING I WAS SCEPTIC AND THE INFORMATION  
DOES NOT MAKE SENCE. AS WE GO ALONG WITH THE  
COURSE THE INFORMATION START FALLING IN PLACE AS WE  
EXERCISE IT AND DO IT PRACTICLE. THIS IS AN AWSOME  
SKILL TO HAVE, IT CHANGED ME AND IT WORKS.  
IT IS SOMETHING I WILL BE ABLE TO USE TO HELP  
PEOPLE FOR THE GOOD. THANK YOU VERY MUCH!
