Transformation Coaching Course has 100% transformed my life! WOW! After physically not being able to cope and deciding to leave on day 2, I cannot express enough my gratitude & respect to Burk for what you have done to facilitate me staying. The healing you gave me gave me back "Linda" and in doing that you gave me an even bigger gift by that healing allowing me to stay and complete this life changing course. I am blown away by what I have seen, learned, felt and personally experienced. I have 25 years of counselling experience (both the counselling and training counsellors) and I have never seen anything like this, like the transformation these process have allowed, the ability to genuinely deal with and get to the root cause of issues, and the healing that's taken place, most impressively at the speed at which these techniques allow. I feel honoured to have been here and privileged to have been taught and mentored by Burk and Isabel.

Thank You. Namaste.

anxiety disorder and mood disorder. My passion, drive
and motivation have been reignited within me. I now have
a massive, burning desire to succeed and achieve. I am
filled with knowledge, happiness, energy, and a belief
in myself and my abilities. I feel I have really started
the journey to becoming my ultimate self. I have rid
myself of so much negativity, I now have room for
unconditional self-love and acceptance.

I walked into the training very serious, excited and full of expectations. Doing a life coaching training course has been on my agenda for years. My expectations have been met & I'm leaving the training much more confident, empowered and focused on what my values and goals are. The pre-study is a brilliant idea as it meant we already had the basics when we started the course & could focus on different things. Bunk & Isabel throughout the 5 days showed were full of energy, enthusiasm & very visibly are living proof that what they teach works.

JF has been a mind opener in many respects & has filled me with a desire to pursue in this field as the benefits are huge.

What these days have done to me is incredible. It was like a big mountain was removed from my shoulders. For the last 28 years I have spent my life in fear, anxiety, pain hence I couldn't even straighten my thoracic area. Since Saturday afternoon I noticed I could ~~do~~ straighten up without any pain or discomfort. I feel like I could now achieve anything I would set my mind to. Anything will be possible from here on. My deepest appreciation. For me this is priceless!! And I know it is going to move mountains for my patients.

Thank you.

Dear Burk and Isobel

I am now more positive towards life. I am more conscious in the way I speak and act. I now believe in myself more than I did before attending this course. I will never forget the feeling I had just now, after breaking the board. I feel like I can face any challenges that ~~are~~ ^{could be} coming my way. It is such a great feeling to know for sure that I am what I think I am.

Thank you to both of you!!!
