..... Love. Just love. By the time a woman reaches 44,
..... She will have had many identities and will have played
..... many roles. This can leave one with a feeling of what next,
..... who now, why. Burk & Isabel, you have created the most
..... amazing journey, space, hand-outs and energy to guide
..... people into a new chapter with clear vision and perfect
..... opportunity/outcome. Your generosity of spirit fills the
..... room and all the people within the room with an infinite
..... amount of energy and love to go forth and impact
..... each of us, our loved ones and all those we encounter.
..... Now double that feeling. Now make it bigger. And double it
..... again.

..... Love. Just love.

..... Eternally thank ful.

Dear Burk and Isobel. I came into this training as an emotional wreck. I didn't have direction, follow through or any way of getting out all the negative emotions in. During this training I have learned so much, I have learned how to deal with my subconscious mind and get all the negativeness out. This has been the start of my self-discovery journey. I have seen things and done things that I never thought were possible. You have given me a new hope and zeal to take on life. I feel so much lighter. I know there are more things that I need to do, however, you have equipped me with the tools I need to take on my life's journey. I am amazed at how I feel inside, the quietness, the clarity and how easy it is to let go of things. I have started dealing with roots that I suppressed. Thank you for this training.

Thank you for who you are and what you do. Thank you for helping me, motivating me and encouraging me. Thank you for showing who I really am and how my life could really be. Thank you for giving me this chance. I feel like I just turned a corner

I pray that God will richly bless you. I pray that God will grant you all the desires of your heart. I pray that you will be protected always and overflow with blessings.

You guys are AMAZING!!!

I didn't expect so much. My whole vision of existence and possibilities changed. At first it wasn't easy to face beliefs, but the letting go was amazing - the more therapy techniques the more I wanted to let go, because the more I trusted the elicitation.

It's a kind of magic. The quantum physics blew my mind and left me believing in a even more fascinating but real world much greater and perfect than I ever realized. That made me meet the super powers of energy. I am prove that there are much more to life than what the belief of the eye see.

Thank you so so much!

It is with thanks that I share my few thoughts of appreciation. When I arrived at training I hoped to find direction and the insight to do what I've always wanted to do which is to inspire others. I have however found so much more, I found Self-belief, I've lost many negative emotion friends. I've been given a new beginning and guidance & the belief to fulfill my highest ambitions, and spiritual needs.

Thank You Very Much

During this training I discovered emotions I suppressed for years and I was able to deal with it and replace it with the positive emotions that I want and need to make a success of my life. This would have taken years of therapy if not for these powerful systems. I am absolutely amazed with the possibilities I see here. This is definitely the best thing I ever did for myself. I am endlessly grateful to Burk for making this possible. I'm ready and equipped to create my new life now. Thank you. Thank you. Thank you!

I have let go of a negative self image and am now confident in who I am. I am also in touch with my emotions and monitor my thought to ensure that I create my future in a positive manner. I am so lucky and feel fortunate that Burt and Esabelle decided that it is their purpose in life to share, teach, invest their time and energy to transform lives. This is a gift and what makes it great is that one has to only choose to receive it and you will. I am going to work on my life goals to create my own business and success, to ultimately have freedom. I will share as much as possible of what I have learned and also recommend people to participate in this training. It is a journey that must be taken if you have the need to transform your life, just do it, take action!

I would like to say thank you for the opportunity I was given by Burk and Isabel, for me to be here. It was awesome in so many ways that I can not explain. All my heavy burdens have been taken down by all the therapies we have done. This was really an eye opener, an enlightenment. I believe I am not going to perish from now on because of lack of knowledge. I believe the world will never be the same again because of what me and the other coaches in the room and others out there, we stand to be a difference and it will start with us. May God richly bless you.

This course is transformational. Burke & Isabel have spent so much time putting together and testing techniques that have the power to change peoples lives now, to life up human concianess and they happen and can take effect "Now". Not in a year or months time. This course is powerful in nature and source. It has the ability to be able to be translated into "working" in a matter of weeks or months. As an anxious persons for many years to let go of fear was mind altering. As a person wanting to attend this course if you are looking for lasting results will quick action. This is for you. I wouldn't even procrastinate it is really the right course to attend. I wouldn't even consider any other!

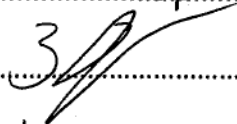

Thanks Burke an Isabel Immensley

The course was more than I had expected,
It was Amazing!!

You make us believe in ourselves again
and to realise that you can get
anything you want in life when you
put your mind to it believe it will
happen and have the necessary
desire for that.

Always focus on the Outcome,
never on the problem or
obstacle.

Thank you Burk!
