This has been an amazing experience for me. I have attended so many trainings but nothing compared to this one. This is so empowering and it has put me in charge of my life and it has made me realize that I have always been in charge but I was not following the right believes and now I know exactly what to do to get the outcomes I want in my life. Burk ~~is~~ you are such an amazing trainer and you are so authentic in the way you conduct yourself and training. Your recognition of the fellow human being is out of this world. I was equally impressed by Isobel, her energy, passion and confidence. You and Isobel both walk the talk. I am honoured to have been trained by both you and Isobel. Thank you. Thank you for living your purpose it has served me and I will take everything I have learned and use it to serve others.

I've always had a passion & calling within me to want to help people. This course has given me that and so much more. I can see and feel the results instantaneously.

I'm so excited to go out and change peoples lives.

The one limiting belief technique that was done on me by Burke had a phenomenal impact on my psyche. I felt deep acceptance and love for myself.

Today, I'm so energised and motivated to conquer the world because I know I can have everything and I am powerful.

The way in which the course is taught and the energy in the room is fantastic - it just soaks you in.

The techniques are simple, but so effective!

Thank-you!

It was an amazing experience. I cannot even try to explain the massive impact it had on my perceptions, my self-understanding, confidence... actually the whole of me, body mind and soul. The principles taught will definitely benefit myself and those in my sphere of influence immensely if I can be disciplined to implement it and develop it to the fullest. I am so grateful for the experience and believe it is/was worthwhile enrolling for and attending this training. Thank you very much Beth and Isabel... You are great trainers and facilitators
