Totally mindblowing, life altering, the breakthrough I've been looking for for almost 10 years! The missing piece of the puzzle. Before I started going through the pre-study course I was in a really crap place. Hopeless, depressed, demotivated and very unhealthy. I had big dreams but just never seemed to be able to get anywhere. What started as a search for a qualification so that I could legally become a "Creative Coach" and earn money, ended up as one of the best decisions I ever made.

It took a bit of time, but finances and everything else just lined up for me to be here! It is a God-ordained appointment with my destiny and I'm eternally grateful to Isabel, Burt and their Maker for sharing this treasure with all of us so freely and openly. My life will never be the same again, all my initial goals set in the pre-study have already come true. I'm ecstatically excited about the future ^{for} the first time in years! The clouds are gone, the sun is shining brighter than ever & there is a huge glistening rainbow ~~at~~ of promise and possibility stretched out over my timeline! Thank you
God Bless! ♥

GOD BLESS BURK & ISABEL.

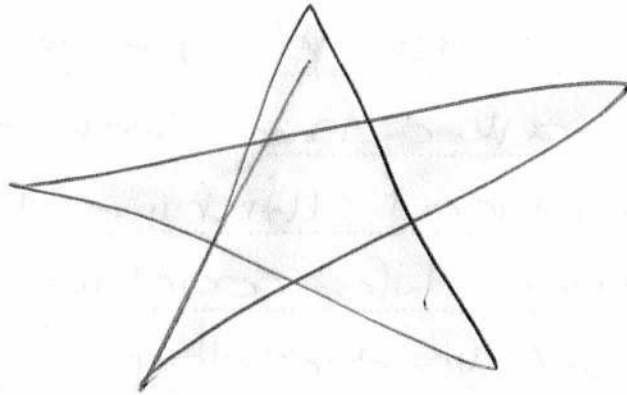

When I walked the door on Wednesday I was skeptical thinking this was still an ordinary life coaching course. By the end of Wednesday, I realised that I was deluded. The amazing eye opening self realization that I have undergone in this past 5 day has been God-sent. I always had a feeling that I was special and meant for more. BURK AND ISABEL you have confirmed it. You have made me bring up and realize so many feelings ^{and belief} that I didn't know was holding me back. I underwent so much of mixed emotions. It was real transformation. From your energy and techniques I realized this is just the tip of

the iceberg. The world is my OYSTER.
Today breaking the plane, I
KNOW that I am unstoppable.

Yes there is still so much many
beliefs that need to be shed
but this journey that I am
on now ~~is~~ NEVER ENDING.

THANK YOU.

This training was mind blowing for me. I realized that I could be free of all my emotional baggage & limited beliefs and it gave me hope, life and joy, where there was little left in me. Every technique, everything that I learned was amazing. Amazing to fall in love with myself, to fly again and to be comfortable with who I am. The trauma session will be forever be imprinted on my mind, as the loss of my dear father & the pain around it was buried deep in me. And for the 1st time after 20 years, keeping all the sadness, loneliness, darkness inside me buried very, very deep I could embrace it and say to that pain "I love you". Sounds COCCOO, hey, but I was healed and free after this session. Not only did I receive peace, but I had a vision

of having a huge feast with
family & friends, like a wedding. And
the first song that played, my father
asked me to dance with him!!!
All the negative emotion was gone.
That brought me so much joy and
contentment that I cannot explain!

So thank you Burk for this training
and your passion. You are like
family now to me.

May you be richly blessed.

The experience has been phenomenal, to say the least. I have finally found my passion at the age of 40, its never too late, and have definitely found the right ~~life~~ Life coaching course to support my dream and assisting in creating and making this a reality in a very short time.

The impact and teachings are so powerful that I have grown beyond expectation and cannot wait to master this and teach it to the world.

You rarely find life coaching courses of this nature (if ever) that deals with issues on a Subconscious Level as the 'fluff' or constant repetition of 'our story', but rather methods to get rid of the emotions and its charges to lift the layers off our soul that were not meant to be there in the first place. That was never ours to begin with. What a gift.

My working on myself first, not only improve myself, I also stop a legacy, an unhealthy legacy from being passed onto my kids, and this brings me immense joy. My dreams are bigger than I thought possible, now I know they are possible. Thank you for your commitment and investment in improving yourself 'Burke', as the gift from this is that we all can benefit.

Asincere and heartfelt thank you. I am eternally Appreciative.
much Love + Best wishes. Zainab Khan xxx

My first day, I had expectations, that I thought will be met on the first day. Only to find that I have to go through a process. I had doubts whether, this is going to work for me. Everyday I had different emotions. Thank you Burk that on the day of Inner Conflict Therapy, I realised that, I was healed. I didn't know what was happening with me and in that night I slept like a baby. All the techniques had taught me that nothing is impossible and the sky is not the limit. My expectations of fixing my life has been met and I believe that I am ready to maintain what I received. I feel completely relieved and light. Every night I sleep peacefully. My fears and lack of confidence has gone. Breaking the plank to me was a confirmation that I shall fear nothing. I allow myself to

Succeed in life. I allow myself to be in
control of my life. I allow myself to have
boldness and courage. I allow myself to have
inner peace.

Thank you Burk & Isobel

I ENROLLED IN THIS COURSE BECAUSE I
REALISED I WAS NOT LIVING TO MY FULL
POTENTIAL AND BECAUSE I HAVE BEEN SEARCHING
FOR THE ANSWERS TO MY QUESTIONS ALL MY
LIFE. WHEN I WAS INTRODUCED TO YOUR
COURSE BY MY FIANCE, WHO IS A MASTER
COACH, I KNEW THIS WAS WHAT I WAS
SEARCHING FOR! YES, MY DOUBTS AND FEARS
DID RAISE THEIR HEADS BUT FORTUNATELY YOUR
THERAPIES MADE SHORT WORK OF THEM. I
NOW FEEL EMPOWERED TO TRANSFORM NOT ONLY
MY LIFE BUT ALSO THE LIVES OF COUNTLESS OTHER
PEOPLE. THANK YOU BURK & ISOBEL FOR
SHARING YOUR GIFT WITH ME!

In this liberating course I have met the 'real me'.

I have discovered the keys to transformation and the techniques to apply it on myself and in the transformation and healing of each and every person on planet Earth.

I am ever grateful to Burk + Isobel for their guidance and commitment to impart their knowledge in such an inspiring way and for opening all the cages in which we were trapped so that we could fly to freedom and ultimately Enlightenment.

Thank you for installing in me "The Physiology of Excellence".

I will share this gift with all who search for it.

This training has been extraordinarily amazing. I enrolled for the course sometime ago and had not realised that the training had been revised and with that ignorance grabbed the opportunity when I saw the email. What I was at one of my lowest tides and could not see a future or a reason for life. I enrolled because I remembered how I was inspired the first time. This was the right time. This is the right time. This has is the best decision I have made in all of my 56 years. Not only am I now in my beautiful being self, my future is so bright I know the world has been waiting for me. Burk and Joshel you are amazing and so inspirational. Congratulations on the developing and inspiring this incredible programme with the rest of us. Thank you! Thank you! Thank you!! I am inspired and motivated.
