I walked into this training with so many pre-meditated goals, visions and plans that I thought I had really wanted, but going through these 5 short days has made me realise just how important it is to first experience what you want to be. For me especially, learning about the true power of my subconscious mind was astounding! I'm absolutely bewildered and mind-blown at how I have been using it in the past. Today, and every day forward, for the rest of my life I will use it so much more excitingly and actively to make my life exactly the way I want to. I am so so excited and happy to be me - Not the "new" me or the "old" me just me - Zakiyah.

Thank you, Burk and Isabel for being who you are to make me realise who I am! On Thursday, I honestly felt the week was already dragging on, and as though I would never make it to Sunday without tapping out of myself, but now that I'm at Sunday I've actually just tapped more into myself and I am so grateful for that. I love it and I love me, and everything, good or bad, that comes with that!

The training open my eyes to discover the real me and to work with my self limiting belief which have been affecting my life. It showed me through the tools and practicals that I am capable beyond what I used to box myself. It taught me how to align with my mind, body and spirit and that visualisation helps through the sub-conscious mind to achieve anything and how to set intentions & goals for them to be fruitful. Breaking the plank was an out of body experience for me and I know how to control negative thoughts because a human being is always thinking. My belief creates a habit after 30 days, I need to ensure I create good beliefs to be an exceptional person and a transformational coach who empowers people's live to see themselves now and beyond. I am grateful for the experience and the learnings I received from other delegates, buddy, Burk & Isobel. This is the experience I have been looking for since starting my journey of self mastery. Well done. 😊

THAT I HAVE ENCOUNTERED DURING THE PAST FIVE  
DAYS. I FEEL LIGHTER, LIKE A BURDEN HAS BEEN  
LIFTED OFF MY SHOULDERS. I FINALLY FEEL THAT I  
AM ON THE RIGHT PATH. I HAVE GAINED SO MUCH  
INSIGHT AS TO HOW TO USE MY WORDS AND MIND  
TO MAKE A POWERFUL AND MEANINGFUL IMPACT ON MYSELF AND OTHERS

TO LIVE WITH INTENTION. I AM NOW AWARE OF  
EVERYTHING I HAVE IN ME TO ACHIEVE MY GOALS.

The last 5 days has created a huge mindshift within my mind, body and soul. I came on this course to find healing from a trauma and to implement myself for my new life. I have gotten rid of the baggage that held me back and I have a clear vision of what lies ahead. I can testify that my life is changed for ever. I will be applying the new skills to every aspect of my life and make enormous changes in the life of others. I feel renewed and energized. Thank you Burk and Isobel for sharing, and I must thank myself for being open to accept the new learnings.
