Today I walk out our last day not even recognising my old self.
It is hard to even imagine I was once that person - like a life-less being
just allowing the days to pass by - NOW I can say I am a TRANSFORMED
person. Things I never thought were possible, for example, ^{I couldn't} ~~the~~
see me loving myself, I couldn't get past my trauma & I was
so afraid to leave my room, all that has changed. I still
can't believe the power & magic of this course. I feel
worthy, I feel I have been on a journey that has cleared my
path for a GREATER future.

I have tried many techniques, therapies, medications etc
to try, even just if it is a little, to help me but to my
dissappointment nothing worked. I didn't come to this
course expecting too much but just from the first day I felt
a shift within me. Just with that I was so happy but as
more & more days went by I felt ~~the~~ the shift more & more, so
much so that my body started to react. I needed more of this
feeling & today I am so proud of myself for getting here.
Burt & Isobel are wonderful people, whose passion radiates
& helps so many people.

Thank You ☺

When I first started with this training, I still had doubts about my capability. Each day after the session I came to a realisation that it was just negative beliefs.

The training really assisted me to come out of my comfort zone and unleash my potential. It also taught me to constantly do away with my limiting beliefs and replace this with positive ones. I am now transformed and I know that I will conquer the world. One other aspect that I learn from this is that nothing is impossible, as long as you focus on the positive things. I am walking out today as confident, powerful, successful & wealthy in a way you cannot imagine.

Thanks Burk & Isabel for changing my life and inspiring me

I signed up to learn how to transform other people's lives because I felt a strong calling ~~to~~ to help people. WOW I never expected to have such a transformation within myself. By the 3rd day I could feel how much calmer my energy had become and ~~has~~ from that day my head got quieter and quieter every day. My energy has increased my enthusiasm has increased. The self-image transformation is actually indescribable and I feel more peaceful and calmer than I can ever remember. I am so inspired to continue my journey and to be able to start transforming other people's lives in the best way possible.

Oh, wow, wow, wow! Where do I begin? Let me first say
THANK YOU! THANK YOU THANK YOU, THANK YOU Burk en Isobel
this was the best 5 days of my life. Before this training I
were in a place in my journey where I hit a ceiling and
couldn't grow more. These 2 wonderful people, with their amazing
energy and power broke that ceiling and showed me that
there is no limit to what I want in life, what I desire,
no limits to thoughts and loving without any limit. I
found a deeper purpose for my life. I'm ready to take
on the world again. I'm healed of all traumas, negative
beliefs and all that other sh*t in life that's holding us
as humans back, to not reach our full potential. I have
learned so much, but most important, that I'm loved,
enough and so powerful. You guys did something amazing
to me that ~~to me~~ no psychologist could ^{ever} manage to do in in my
life. This was a real transformation. This TCC training
was given to us without boundaries. Burk gave everything of
himself, his knowledge is admirable and his energy is
contagious. The info received on this course is fantastic, more than

I could ever think of. More than I know existed.

Thank you for being 100% honest always, thank you for just being you. Thank you for sharing so much of your wisdom, knowledge, good energy and time. You guys are 100% invested and really care. I appreciate that you want to see your coaches succeed and be happy for them.

I am SO GRATEFUL.

I'll be back.... See at Masters!

When I first come into the training I had absolutely no idea of what to expect. I wondered if I would be able to see and experience a change in myself. Boy was I surprised!! The feelings that I feel about myself and my future are too "magnanimous" to describe. There are no words. Most amazing of all is that the "New Me" will ^{also} have a positive impact on the people I love the most. I will be making a positive contribution to the world. I discovered myself in more ways than 1. I am "awesomercress"! I am on a journey to completeness. I can with 100% conviction recommend the course to anyone. Love & light! Burke & Nobel are amazing. Thank you!

Prior to this process I was walking around with many limiting negative beliefs, and although I understood many teachings whether spiritual or religious on an intellectual level, this experience integrated and solidified this knowledge and helped me let go of these negative limiting beliefs. I feel motivated, excited and confident in creating my coaching business. It was a honour to be in the presence of Burke and Isabel who facilitated this life altering process. Things will never be the same. I am eternally grateful.

To you Burk and your lovely wife Isobel, thank you so much for truly transforming and healing me. In a space of 5 days, my entire 33 years of existence have a new meaning. I had always known I was born and designed for greatness, but somewhere along my life journey, I completely lost myself. I have zero regrets for making the decision, the day I did. After a lot of life events, that left me empty and longing there was a void in my life that needed to be filled. I tapped into my spirituality and reconnected with God. It has been an amazing feeling having total peace of mind.

I came for the course, with no expectations, but my favourable outcome, was to go back with the confidence to go speak my truth and inspire young girls and women that might have experienced similar challenges as mine. And you guys have given me more than that. Burk thank you for not holding back on your special gifts that God has bestowed upon you. I am usually a very interactive individual when attending training sessions. This was a totally different experience. I was in awe half the time, but most importantly I connected to the energy and most if not everything resonated on a very spiritual level. I used to have a problem, thinking I don't know or can't speak "proper English" as society perceives. But I walk out of here today feeling like a WINNER that I was born to be.

I am fully transformed.

P.S The last day of training was really heavy on me. My body was giving in. My spirit was in full action. Once again THANK YOU.

See you @ the MASTERS
