I arrived at this training with so much of emotional baggage, negative & limiting beliefs, no confidence and being an introvert. Today, five days later, I am leaving as ~~my~~ transformed person, full of confidence and ready to take on the world. This experience has been more than I could have imagined. Burk and Isobel Esterhuysen are both phenomenal people who are clearly passionate about what they do. They both inspired me to push myself out of my comfort zone and strive for the life I know I deserve. It is such an awesome feeling to walk out of here a brand new person without any ~~to~~ negative emotions and beliefs holding me back. For this, I thank Burk and Isobel Esterhuysen. You have no idea what you have done for me. May you continue to do the same for many other people who were in the same position as I was.

THANK YOU Burk and Isobel.

The transformation coaching academy gives me a lot of skills and techniques to ^{assist/coach} let other people/clients ^{to} ~~be~~ transformed and develop. The course gives me confidence to be able to practice as a transformational coach as well as putting up a business with it. (Goals)

For me as person this course specifically assist me to get rid of believes that suppressed me, I had to deal with emotions in the past, that came to ^(deal with) surface, and I was able to handle it and build up a new attitude towards those past traumas.

I started the Transformation Coaching with the main aim to become a coach. I did not realise what an amazing and awesome experience awaited me! I received so much more! The personal awareness, growth & change within me happened so fast. It was truly liberating. Burk gave me so much more, than just a training course to help others. He helped me, help myself & gave me hope (not superficial hope BUT real hope - known hope). I know I can only transform & continue to transform myself (I have that responsibility). I now, also feel empowered to really make a difference in other people's lives. I cannot wait to continue learning, gaining knowledge & developing myself, so I can also fulfil my purpose in helping others. During the training I have also experienced a renewed spiritual connection with my God & I cannot wait to see ~~the~~ what God has in store for me! The value of this training was every cent / Rand worth & MORE!

I never truly knew how my life would basically be transformed into something I would not recognise until I joined this course. Burk and Isobelle were absolutely phenomenal. All the doubt I had about this course was completely gone when I completed the second day. Its absolutely amazing to see how this course can completely change a persons life within only 5 days.

At first I could not believe this course could be real. I even had Burk call me to make sure it was real. I am so glad I decided to come the experience was so surreal.

This course is truly priceless and should be the number one course To OWN YOUR FUTURE

After spending five days in the Transformation
coach training, I feel completely transformed. I am
definitely not the same person who walked in at
the beginning of the training. The training material
is insightful, thought provoking and the technique
we learnt are extremely powerful. Burk delivered the
training with such love and mastery, that it
did not feel like five days. I thoroughly enjoyed
every moment, and also made many new friends.
I believe that Burk and Isobel have developed a
super effective transformation coaching programme, and
through this program, many lives will be changed.
I am blown away!!
Thank you Burk and Isobel, see you soon!

Attending this programme has been a life-changing process from 16 June 2021 to 20 June 2021. From the first day to every next day it was an amazing journey. The emotional and belief changes that I feel are unbelievable. I feel brand new from my thinking pattern, emotional and belief pattern. Makes me feel like a different person altogether. I have thrown away the belief that I'm not worthy to a very valuable person full of love, I can declare how my wife was surprised when I called her, she even asked me if I'm trying to ~~be~~ show tender care on her. That is the testimony to show that after changing my own belief and ridding of negative patterns on myself, it is showing to her. I really say without doubt that this programme is a "game changer" - I am now a new person.
